Faull, Joseph Horace

Jan. 1915

January 29th, 1915

Professor J. H. Faull,

Department of Botany,

University of Toronto.

Dear Professor Faull:

I see no reason why you should not give two courses in Botany at Cornell during the coming Summer Session in July and mid-August. It is rather a matter for congratulation that you are recognised in this way.

Yours sincerely,

President.
